IMPACT OF TERRORISM ON GLOBAL PEACE AND SECURITY

UN says, terrorism -

- ◆ Threatens the dignity and security of human beings everywhere, endangers or takes innocent lives, creates an environment that destroys the freedom from fear of the people, jeopardizes fundamental freedoms, and aims at the destruction of human rights;
- ◆ Has an adverse effect on the establishment of the rule of law, undermines pluralistic civil society, aims at the destruction of the democratic bases of society, and destabilizes legitimately constituted Governments;

- ◆ Has links with transnational organized crime, drug trafficking, money-laundering and trafficking in arms, as well as illegal transfers of nuclear, chemical and biological materials, and is linked to the consequent commission of serious crimes such as murder, extortion, kidnapping, assault, hostage-taking and robbery;
- ◆ Has adverse consequences for the economic and social development of States, jeopardizes friendly relations among States, and has a pernicious impact on relations of cooperation among States, including cooperation for development; and
- ◆ Threatens the territorial integrity and security of States, constitutes a grave violation of the purpose and principles of the United Nations, is a threat to international peace and security, and must be suppressed as an essential element for the maintenance of international peace and security.

SECURITY COUNCIL RESOLUTION 1373

- ◆ SC Res. 1373 (2001) – for the first time qualified terrorism as such, i.e. without any reference to a concrete situation as a “threat to international peace and security”
- ◆ Subsequent SC Res. 1535, 1566, 1617, 1624 – no formal rejection from states against this approach by the SC.
- ◆ Introduced a ‘smart sanctions’ system.
- ◆ SC Res. 1373 (2001) – for the first time addressed “all member States” and has therefore been compared to a legislative act.

- One particularly notable feature was the Security Council's reliance on its Chapter VII powers to require States to carry out a number of specified measures, including legislating at the national level (para. 2(e)).
- The Resolution has been described in terms of forming the lynch-pin of "a legal architecture emerging which may, over time, impel the crystallisation and consolidation of a customary international crime of terrorism" (Saul, 2012, p. lxxiii).

SECURITY COUNCIL RESOLUTION 1373 (2001)

COMBATting FINANCING OF TERRORISM

- ◆ Reaffirming further that such acts, like any act of international terrorism, constitute a threat to international peace and security,...

Acting under Chapter VII of the Charter of the United Nations,

1. Decides that all States shall:

- ◆ (a) Prevent and suppress the financing of terrorist acts;
- ◆ (b) Criminalize the wilful provision or collection, by any means, directly or indirectly, of funds by their nationals or in their territories with the intention that the funds should be used, or in the knowledge that they are to be used, in order to carry out terrorist acts;
- ◆ (c) Freeze without delay funds and other financial assets or economic resources of persons who commit, or attempt to commit, terrorist acts

SECURITY COUNCIL RESOLUTION 1373

THE COUNTER-TERRORISM COMMITTEE (CTC)

6. Decides to establish, ... a Committee of the Security Council, consisting of all the members of the Council, to monitor implementation of this resolution... and calls upon all States to report to the Committee,, no later than 90 days from the date of adoption of this resolution and thereafter according to a timetable to be proposed by the Committee, on the steps they have taken to implement this resolution;

UNSC RESOLUTION 1540 (2004)

- Adopted under Chapter VII
- This resolution obliges States to, among others, refrain from supporting by any means non-State actors that attempt to develop, acquire, manufacture, possess, transport, transfer or use nuclear, chemical or biological weapons and their delivery systems.

SECURITY COUNCIL RESOLUTIONS 1566 (2004)

- Adopted under Chapter VII,
- It included terrorism related terminology to guide the subsequent practice of States in response to it (UNSC Resolution 1566 (2004), para. 3), while not implying the existence of a universal definition of terrorism.
- It defines terrorism as “criminal acts, including against civilians, committed with the intent to cause death or serious bodily injury, or taking of hostages, with the purpose to provoke a state of terror in the general public or in a group of persons or particular persons, intimidate a population or compel a Government or an international organization to do or to abstain from doing any act”.

UNITED NATIONS OFFICE OF COUNTER-TERRORISM (UNOCT)

- Provides strategic leadership, coordination and capacity building support to Member States and to the members of the United Nations Global Counter-Terrorism Coordination Compact Task Force, in support of their efforts to implement, in a comprehensive and balanced manner, the UN Counter-Terrorism Strategy and its review resolutions, as well as relevant Security Council resolutions.

Pre 9/11:

- de-centralized approach through Sectoral conventions
- The obligation to criminalize specific acts in domestic orders;
- Establishment of the principle “*aut dedere aut judicare*” for specific offences;
- Encouraging mutual co-operation.

Post 9/11:

- Centralized approach through the SC smart sanctions system
- complements the decentralized approach from before 9/11
- Shifting paradigm to the use of force against terrorists
