M.A. (Maritime Laws)

2.4.12. Marine Environmental Laws

S.No.	ID Number	Name of the Candidate	Project Topic
1.	MAMTL01_21	Subrahmanyam Ch.S.S	Development of advanced waste management technologies for treating marine pollution: An Analysis
2.	MAMTL02_21	Hansika	Development of autonomous underwater vehicles (AUVs) for monitoring and sampling marine environments: Issues and Challenges
3.	MAMTL03_21	S. Ragunathan	Development of new materials and coatings to prevent marine pollution and protect marine ecosystems: An Analysis
4.	MAMTL04_21	Richa	Emerging issues in environmental law: Challenges to the legal and policy responses
5.	MAMTL05_21	Viswanadhan .N	Emerging issues in marine environmental law: A study on the legal and policy responses to these challenges.
6.	MAMTL06_21	Mahima Rathi	Enforcement of environmental law: An Analysis
7.	MAMTL07_21	Prabhat Kumar	Environmental impact assessment: An Analysis on the effectiveness of the frameworks in mitigating the environmental impacts of development projects.
8.	MAMTL08_21	Turaga V S S Perraju	Environmental justice: examining the legal and policy frameworks for addressing environmental justice issues.

9.	MAMTL09_21	Parikshith Warrier	Environmental regulation and business: An Analysis of environmental permits, standards, and reporting requirements.
10.	MAMTL10_21	Thakkar Chiraag Anil	Implementation of blockchain technology for transparent tracking and verification of sustainable seafood supply chains: An Analysis
11.	MAMTL11_21	M A Shaik Ahamed	Marine biodiversity and the law: An Analysis
12.	MAMTL12_21	Karuna Singh	Marine pollution and the law: An Analysis on the legal and regulatory frameworks for addressing marine pollution
13.	MAMTL13_21	Adarsh Vijay	Marine protected areas: An Analysis on the legal and policy frameworks for designating and managing marine protected areas.
14.	MAMTL14_21	Varun V Gopal	Marine renewable energy and the law: A Critical Study on the legal and policy frameworks for promoting the development of marine renewable energy
15.	MAMTL15_21	Srishtika j	The economic impacts of marine pollution casualties: An Analysis
16.	MAMTL16_21	Kunchala Suresh Kumar	The effectiveness of contingency planning for marine pollution casualties: An Analysis
17.	MAMTL17_21	P Venkata Krishna Reddy	The effectiveness of marine environmental laws in protecting marine ecosystems: examining the effectiveness of international, regional, and national marine environmental laws in addressing the degradation of marine ecosystems.
18.	MAMTL18_21	Neeraja	The environmental impacts of marine pollution casualties: A Critical Study
19.	MAMTL19_21	Zara Vijay Sonpal	The evolution of environmental law: An Analysis on the key drivers that have

			shaped the development of environmental law over time.
20.	MAMTL20_21	Anurag Anand	The impacts of climate change on marine pollution casualties: A Study
21.	MAMTL21_21	Prithivi	The international framework for environmental law: An Analysis on the effectiveness of this framework in addressing global environmental challenges.
22.	MAMTL22_21	Dantuluri RVSSSN Raju	The intersection of marine environmental law and human rights: examining the linkages between marine environmental law and human rights and analyzing the potential for integrating human rights considerations into marine environmental governance.
23.	MAMTL23LA_22	Rohit Seth	The legal frameworks for addressing marine pollution casualties: A Critical Study
24.	MAMTL24LA_22	Patil Aboli Shantaram	The liability of shipowners and other responsible parties for marine pollution casualties: examining the legal frameworks for establishing liability for marine pollution casualties.
25.	MAMTL25LA_22	Chandan Kumar	The principles of environmental law: A critical analysis.
26.	MAMTL26LA_22	Rajinder Kumar	The regulation of shipping and marine transport: examining the legal and regulatory frameworks for regulating the environmental impacts of shipping and marine transport.
27.	MAMTL27LA_22	K S Aravind	The role of civil society in environmental law: Challenges and opportunities for enhancing civil society participation in environmental governance.
28.	MAMTL28LA_22	Murari Krishan	The role of insurance in addressing marine pollution casualties: An Analysis

29.	MAMTL29LA_22	Ashish Dubey	The role of international organizations in addressing marine pollution casualties: A critical study.
30.	MAMTL30LA_22	Sreenath Narayana Swamy	The role of liability and compensation in marine environmental law: An Analysis
31.	MAMTL31LA_22	Rinju Ravindran	The role of national governments in environmental law: Challenges and opportunities for enhancing national environmental governance.
32.	MAMTL32LA_22	Ranjan Biswas	The role of regional fisheries management organizations in marine environmental law: An Analysis on the legal frameworks for regulating the environmental impacts of fishing activities
33.	MAMTL33LA_22	Himadri Das	The social impacts of marine pollution casualties: An Analysis on its impacts on coastal communities, human health, and cultural resources.
34.	MAMTL34LA_22	Ashish Tiwari	The use of technology in responding to marine pollution casualties: An Analysis
35.	MAMTL35LA_22	K S Khaja Mohideen	Use of drone technology for monitoring marine environments and detecting pollution incidents: An Analysis

Note: Kindly note that a candidate is free to change topic of his/her choices (The changed topic cannot be from the existing list) subject to the approval of the faculty in charge i.e. Prof. (Dr.) V. Balakista Reddy. The changed topics need to be intimated only at cadlassignments@nalsar.ac.in on or before **21/03/2023**.
